EXCELLENCE OF MADE IN INDIA

Company Profile

Transfo India Power Solutions is an enterprise started in early 2015 with an expertise in sourcing and supplying quality products to Transformer & Switchgear Industry. Currently with a network of more than 50 suppliers we aim at providing right quality at competitive price.

Our office operates as a local office in India for all our customers where we take care of complete buying requirement fulfilling through our list of active suppliers who are spread in different parts of India.

Apart from supplying raw material, our strength lies in consolidating small quantities from different manufacturers which we can be exported together, thus offering huge savings in transportation cost. The same is possible as we have an in house logistic team having an experience of more than 40 years in the business.

Transfo India operates with Head Office in Mumbai and Branch Office in Delhi with our global foot prints in 6 countries. We are regularly doing shipments to reputed companies in Asia & Middle East.

Our aim is to be end to end service provider to our customers, from procurement to final delivery. Thus, offering huge savings in material and transportation cost. Our aim is to be an end to end service provider to our clients.

How we add Value ?

ZERO REJECTION RATE : With our experience & working with our suppliers for so many years with multiple successful shipments, we can assure of supplying the right quality with the right packaging so as to achieve zero rejection rate.

QUALITY POLICY : Quality being our priority, each of our shipments are physical inspected by our team and a detailed report is submitted before dispatch of shipment thus assuring right product is being supplied. Shipments can be even inspected by the buyer. We are also capable of deputing third party inspection from reputed agencies if required..

EXPERT TEAM : We have a set of experience team having profound commercial & technical knowledge about the products thus making it easy and convenient for our buyers to trust on us.

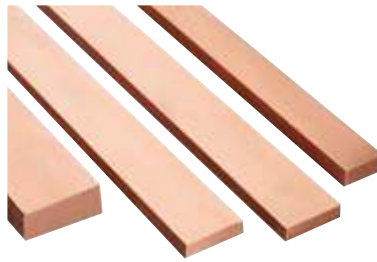

CONVENIENCE : We help our buyers save time in searching for lowest quotes and handling multiple suppliers. With a proven track record of experienced suppliers we have a basket of products to be offered thus making it convenient and a one stop shop experience.

COST SAVING : Offering competitive pricing is our forte and we assure our buyer of adding value to their business by saving both material and logistic cost.
